There was a time when I thought of no other
and we sang love's own sweet refrain
Our hearts beat as one as we had our fun
but time changes everything
When you left me my poor heart was broken
our romance seemed all in vain
But the dark clouds are gone and there's blue skies again
'cause time changes everything

The time has passed I forgot you
mother nature does wonderful things
I guess that it's true for me and for you
that time changes everything
you can change the words of an old song
rearrange it and make it swing
I thought nothing could stop me from loving you
but time changes everything

So goodluck to you may God bless you
I can't say I won't love again
But you have gone your way so now I'll go mine
'cause time changes everything
