Here I am in this room again
My woman left me, oh in this place
Here I am, yes I'm crying again
She didn't tell me she had a goal
There was no reason. Didn't know.
All this trouble, all this pain
Crying again

Same old trouble all the time
Same old reasons, same old lies
Can't you stop this freezin' pain
'Cause I'm crying again

Now I know how you tried
How you loved this deep inside
I can't see take for my pain(?)
Yes, I'm crying again
