If i am rubber
And you are too
Whatever you say
Bounces around and around and around from me to
you

And i know you are
And so am i
Yah i know you are
But so am i

Yah i'm you're mother
Yah i'm you're father
Yah i'm your mother, your father, your sister, your
brother
We are what we act
And we act like

We're all family
We're all family
We're all family
We're all family

Took us many miles to get here
Many miles to go
In a wasteland become dry
We harvest a crop from earth to mind
Many miles to get here
Many miles to get here
Many miles to go
In a wasteland become dry
Harvest a crop from earth to mind

Not myself
I don't want to go
But the storyteller let you guess again
I'm not myself
I don't want to go
But the storyteller let you guess again

And i know you are

And so am i
Yah i know you are
But so am i

We're all family
We're all family

Took us many miles to get here
Many miles to go
In a wasteland become dry
Harvest a crop from earth to mind
Many miles to get here
Many miles in a wasteland become dry
Harvest the crop from earth to mind

Not myself
I don't want to go
But the story teller let you guess again
Prop up myself
I don't want to go
But the storyteller let you guess again
