I'm not lazy  
I'm just comfortable here  
Not out of work  
Just in more time and more beer  
And i can't foot the bill  
But i can kick it  
If you give a dog a bone  
He'll probably lick  
It's mean time  
And you're running out  
Congradulations for keepin' on runnin' your mouth  
Forget the replay just make up your call  
It seems the writing can't stop itself from falling off the wall  
So tender leigh you're runnin' out  
Tender leigh runnin' your mouth  
Tender leigh just make up your call  
So tender leigh falling off the wall  
Just start the day like no other, like any other  
Just start the day, unafraid...i may...  
Never lose it, lucky to have it to begin with  
It's all for borrow then tomorrow we pretend we might  
See a brighter day, if i could focus  
From a cry into a laugh, the jokes on us because  
It's meantime for the strong and the brave  
Congradulations on the heart that you have saved  
I checked the replay, your foot was over the line  
You've lost your spirit so help yourself to taking all of mine  
So tender leigh, strong and brave  
Tender leigh, all the hearts you've engraved  
Tender leigh over the line  
So tender leigh taking all that was mine  
Tender leigh sinking my boat  
Tender leigh going staight for the throat  
Tender leigh we commit to this crime  
Tender leigh tell me i have not wasted all of my time  
Tender leigh  
It's like this and that it's like this and that...
