You can't find your something  
I don't know from nothing  
What you see is true  
It's right in front of you

Searching for the things  
That were never missing  
Will we ever recognize  
The sweetness of our treasures lie  
In you and me

There's no need to search for change  
Where living proof i hear, does it sound so strange  
That we're tossed in the middle  
And we're true to a higher  
Name

There's no need to search for change  
Where living proof i hear, does it sound so strange  
That we're tossed in the middle  
And we're true to a higher  
Name

What's inside of me  
Ohh there's no reversing it  
What's inside of you  
Ohh in a world where not much is true  
What's inside of me  
Ohh there's no reversing it  
Say i'm wide open but i'm still in love with you

I know this much is true  
I know this much is true  
I know this much is true  
Ohh in a world where not much is true  
I know this much is true  
I know this much is true  
You know this much is true  
In a world where not much is true

What's inside of me

Ohh there's no reversing it  
What's inside of you  
Ohh in a world where not much is true  
What's inside of me  
Ohh there's no reversing it  
Say i'm wide open but i'm still in love with you

I know this much is true  
I know this much is true  
I know this much is true  
Ohh in a world where not much is true  
I know this much is true  
You know this much is true  
You know this much is true  
Ohh in a world where not much is true
