Fifteen gears
By: jimmy buffett

Yes and I can't
remember when I slept
last I do believe I'm driving on
the brink
If I get off this mighty long haul
Gonna sit right
down and buy myself a drink
Yes and I can't remember
when I slept
last I do believe I'm driving on
the brink
If I get off this mighty long haul
Gonna sit right
down and buy myself a drink
Yes and I can't remember
when I slept
last I do believe I'm driving on
the brink
If I get off this mighty long haul
I'm gonna sit right
down and buy myself a drink
Yes and I can't remember
when I slept
last I do believe I'm driving on
the brink
If I get off this mighty long haul
I'm gonna sit right
down and buy myself a drink
