Maybe leaving?
s better in the afternoon
When the rain don?t fall so
hard
From where we were we had to look down far
below
To see just what went on in our own
backyard
Coming down slow without a thing to
show
Wondering what went on while we were up
there
Mountain roads now asphalt highways that we
once called heaven skyways
Children lost what is the
cost to get back home again
La la la la la la la la
laaaa
La la la la la la la laaaa
It was a high
cumberland jubilee
Such a high cumberland jubilee
It was a high cumberland jubilee
Such a high cumberland
jubilee
It was a high cumberland
jubilee
Such a high cumberland
jubilee
It was a high cumberland
jubilee
Such a high cumberland
jubilee
Yeah!
?m goin? to climb up in the mountain!
?m
goin? to climb up in the tree!
?m goin? to climb up in the
mountain!
?m goin? to see what I can see
You know...
It
was a high cumberland jubilee
Such a high cumberland
jubilee
