Well i was feeling kinda insecure  
In a way I never felt before  
I went through my life without no guarantees  
Did whatever i wanted  
Whenever i pleased  
Well before i knew it  
We were out of the door  
When all that i wanted was a little bit more  
You pulled the strings and girl i followed you home  
I just couldnt wait until i got you alone  
I wasn't looking for a love that's true  
Buts there's no way that I'll get over you  
Im not the kind to sweep you off your feet  
But hurry girl because im loosing sleep  
Now little darling you're the only one  
My heart is racing like im on the run  
Now Little darling wont you say you're gonna stay with  
me  
Ohhh Yeah  
Well i get to your house  
Like the rest of the band  
But somehow these things don't always turn out as  
planned  
You called me a cab and yeah i walked out that door  
I felt like my heart was gonna fall throught the floor  
I only wanted to hold you tight  
But you made it clear this just wasn't the night  
I didn't mean to get in so deep  
But hurry darling coz im loosing sleep  
Now Little darling you're the only one  
My heart is racing like im on the run  
Hey little darling wont you say your gonna stay with me  
Ohh, little darling  
Take me back ohhh  
Ohhh little darling  
Gonna have myself a lot of fun  
I wanna tell your mumma  
Wanna tell your daddy too  
Just you for me girl  
Ohhhhh just me for you  
Well little darling your the only one  
My heart is racing like im on the run

Oh little darling wont you say you're gonna stay with  
me  
Im gonna give you everything you need  
Just say the words and I'll be on my knees  
Oh little darling wont you say you're gonna marry me.
