It doesn't happen every day
That a girl like you comes over
Oh no no no

Luck doesn't often fall my way
That's why I'm seldom sober
Oh no no no

But tonight I won't drink
I will try not to think
Without the help of wine

While I wait for you here
I will keep my mind clear
For the time that you are mine

It's been so long since I last dated
Makes me feel intoxicated
Wating hits me stronger than the booze

It's been so long since I've been held tight
Feels more than my usual stage fright
Finally found a way to cure the blues

But it'll take more than some water
To get me back to sober
Knowing that you're coming over (mmm)
Knowing that you're coming over
Knowing that you're coming over (oh no no no)
Knowing that you're coming over

It doesn't happen every night
That my deepest wish is granted
Oh no no no

Luck is never in my sight
That's why I'm always wasted
Oh no no

But tonight I feel nice
Without bottles on ice

Or JB on the rocks
JB ain't on the rocks tonight

The bartender's on break
So tonight I will take
Whatever fate concocts

I think I'll sell my wine collection
I've gotten over my addiction
Wating hits me stronger than the booze

I think I like this new condition
Feels just like my first aduition
Finally found a way to cure the blues

It'll take more than some water
To get me back to sober
Knowing that you're coming over (oh no)
Knowing that you're coming over
Knowing that you're coming over (oh no)
Knowing that you're coming over

Don't wanna have their booze
Don't wanna cruise with the shoes
I wanna feel you like the sand between my toes

We gotta walk the beach
The stars within our reach
Now ain't that how a good life goes?

I wanna feel the rain
Beneath the falling pain
I don't wanna hide behind intoxica's fortress

I wanna risk my life
Ask you to be my wife
And trade the bottle for the hope that you might say
yes
To be my lover forever

Knowing that you're coming over (and over and over)
Knowing that you're coming over (and over)
Knowing that you're coming over (and over)
Knowing that you're coming over
