listen just hear me out  
yes i know we agreed  
when we break up we'd never give in to this need  
to admit to each other  
i miss you

listen just hear my cry  
no i won't break my word  
if i do say i miss you it would never be heard  
let my heart whisper  
all that it needs to

\*how could you make me take a start?  
then just leave me here hanging  
can't even say how i'm feeling  
how could you make them break my heart?  
if i can't say that i miss you  
let me say one last thing

#i miss him  
and all the things he could do  
yes/oh, i miss him  
just as much as i miss you  
oh, i miss him  
i know you're wondering who  
yes, i miss him  
i miss the man i was with you  
oh i would never be the same

listen just hear my voice

can you hear all the tears?  
that i'm planning to hide  
for the next thousand years  
just as long as you know that  
i love you

repeat \*,#  
except last line

how can a blind man find the light?  
how can i find the kind of right?

how could you take away my sight?  
how could you lose me in the night?  
then you took away the heart in me  
now i'm losing this fight  
no i would never ever be the same

ooh.. ohh

oh, i miss him  
and all the things he could do  
yes, i miss him  
just as much as i miss you  
oh i miss him  
i know by now you know who  
yes, i miss him  
i know by now you know who  
i miss him  
i miss the man i was with you

oh, i would never be the same
