In days of old, when knights were bold and journeyed  
from their castles

Trusty men were left behind, knights needed not the  
hassles

They helped themselves to pig and peach  
And drank from King's own chalice

Oh, it was a stirring sight, these gypsies in the palace  
And as I told my friend Zachary Richard, when you  
leave home

Some things never change, hit it

So, long boss, knock 'em dead, don't you worry 'bout a  
thing

I wish that we could come along, we'd love to hear you  
sing

The limo's here, your bags are packed, the list is by the  
phone

Me and Snake will watch your place, treat it like our own

Look at all this liquor, look at all this food

It's only gonna go to waste, we're not really being rude  
But the good stuff's in his closet, I swear he wouldn't  
mind

Hell, we'll just shoot the lock off, I do it all the time

We're gypsies in the palace, he's left us here alone

The order of the sleepless knights, will now assume the  
throne

We ain't got no money, we ain't got no right

But we're gypsies in the palace, we got it all tonight

There's damsels in distress up there and we got all this  
beer

We'll free them from their condos, bring 'em over here

We'll show them his gold records, play his music loud

We'll party just like Bubba does, we'll do the old man  
proud

We're gypsies in the palace, there ain't no wrong or  
right

We're gypsies in the palace, and a' goin' wild tonight

He's the greatest guy to work for, man he's really cool  
Hey Snake this party's gettin' dull, throw someone in  
the pool  
Let's all take our clothes off and form a conga line  
Watch out for that broken glass, hey Snake, we need  
more wine

We're gypsies in the palace, there ain't no wrong or  
right  
We're gypsies in the palace and we're raisin' hell  
tonight

Hi there boss, what's goin' on? You say you're coming  
when?  
I'll send Snake out to pick you up tomorrow night at ten,  
okay  
Everybody outta here, this joint is closin' down  
We gotta find someone to clean this up, he's comin'  
back to town

Hi there boss, we waxed your car, we raked and  
mowed your lawn  
We couldn't find enough to do in the short time you  
were gone  
Man, it sure is peaceful here, you've really got it all  
And if we ever hit the road again, give me and Snake a  
call

We're gypsies in the palace, he's left us here alone  
The order of the sleepless knights, will now assume the  
throne  
We ain't got no money, we ain't got no right  
But we're gypsies in the palace, we got it all tonight

Hello? Hey, Jimmy, it's Glenn, Glenn, how ya' doing?  
Fine man, I'm going on the road  
Do you know anyone who could house sit for me?  
I got these two great guys that look after my place  
man, they're the best
