They can come take it all away  
Break your heart by the light of day  
Drown your love in a distant bay  
So lonely  
See the ships heading for the rocks  
See the time melting off of the clocks  
There's a light shatters all the locks  
And saves me  
It saves me

That's why I wander and follow la vie dansante  
On the night wind that takes me just where I want  
That's all I want la vie dansante  
Why don't you wander and follow la vie dansante  
On the night wind that takes you just where you want  
That's all you want la vie dansante

Miss the beat if you close your eyes  
Every night wears a new disguise  
And I live when a new surprise surrenders

Feel it all with a willing heart  
Every stop is a place to start  
If you know how to play the part with feeling  
I play with feelings

That's why I wander and follow la vie dansante  
On the night wind that takes me just where I want  
That's all I want la vie dansante  
Why don't you wander and follow la vie dansante  
On the night wind that takes you just where you want  
That's all you want la vie dansante

That's why we wander and follow la vie dansante  
On the night wind that takes us just where we want  
That's all we want la vie dansante  
Why don't you wander and follow the dancing life  
On the night wind that takes you just where you want  
That's all you want la vie dansante

That's why we wander and follow la vie dansante  
On the night wind that takes us just where we want

That's all we want la vie dansante  
La la la la la la la la la la la  
La la la la la la la la la la la  
That's all we want
