Left me with a nail to drive

By: jimmy buffett

1975

Well it's the same old story

Another mobile home broken up

Well I'm eatin' off of a paper plate

Drinkin' from a paper cup

Chorus:

She caught me with another woman

I guess I'm lucky to be alive

Well she stole my car

And left me a nail to drive

Chorus:

She caught me with another woman

I guess I'm lucky to be alive

Well she stole my car

And left me a nail to drive

Yeah she stole my car

And left me a nail to drive
