Better days are in the cards I feel
Feel it in the changin' wind
I feel it when I glide
So talk to me I'll listen to your story
I've been around enough to know
That there's more than meets the eye

Everybody needs a little good luck charm
A little gris gris keeps you safe from harm
Rub yours on me, and I'll rub mine on you
Luckiest couple on the avenue

With a little love and luck
You will get by
With a little love and luck
We'll take the sky
In this mangled modern world
You've got to try
Try a little love and luck
And you'll get by

Mysteries don't ever try to solve them
We're just players in a game
And no one's keeping score
So have your fun
Go ahead and tell your story
Find yourself a lover
Who will glue you to the floor

Everybody needs a little good luck charm
A little gris gris keeps you safe from harm
Rub yours on me, and I'll rub mine on you
Luckiest couple on the avenue

With a little love and luck
You will get by
With a little love and luck
We'll take the sky
In this mangled modern world
We've got to try
Try a little love and luck
And you'll get by

Kole Sere, Kole Sere
Kole Sere, Kole Sere
Kole Sere, Kole Sere
Kole Sere, Kole Sere

With a little love and luck
You will get by
With a little love and luck
We'll take the sky
In this mangled modern world
You've got to try
Try a little love and luck
And you'll get by

Kole Sere, Kole Sere
Kole Sere, Kole Sere
Kole Sere, Kole Sere
Kole Sere, Kole Sere

With a little love and luck
You will get by
With a little love and luck
We'll take the sky
Love and luck, oh yes
We will get by
