I don't know if I was dreamin' I don't know if it was real?  
Everything was movin', yet everything was still  
People came from everywhere and no one felt the chill  
That lingered in the valley down by Reggabilly Hill

They came across the water they came across the sand  
Everyone was singing, oh, you should've heard the  
band  
A song of adoration of the everlasting will  
That gathered them together there on Reggabilly Hill

Ocean deep, mountain high  
And a river of blood flowed down  
Pourin' out from a wound that would not heal  
So always and forever we'll remember how it feels

Well, the ones who had it all and the ones who'd made  
a name  
Were walkin' side by side with the naked and the lame  
Hungry little children ate until they had their fill  
Then they tumbled through the clover down on  
Reggabilly Hill

Ocean deep, mountain high  
And a river of blood flowed down  
Pourin' out from a wound that would not heal  
So always and forever we'll remember how it feels

On top of the hill they were dancin' through a fire  
Whirl away the sorrow as we move a little higher  
Slowly makin' circles through the purple sky until  
You could barely see 'em wavin' down on Reggabilly  
Hill

Ocean deep, mountain high  
And a river of blood flowed down  
Pourin' out from a wound that would not heal  
So always and forever we'll remember how it feels

Always and forever  
Always and forever  
Always and forever
