You go to fargo

We'll meet in chicago

Travelin' light and travelin' clean

In a nine wheel blue and white travelin' machine

And I'm gone I'm movin' on yes I'm gone

Chorus:

No time to look back

We've crossed the last track

Travelin' free and travelin' wild

With my barefoot blue-eyed travelin' child

And I'm gone I'm movin' on yes I'm gone

Run away queen

Travelin' clean

You tell your mother

That you love another

Runnin' with a free-born man

That asks more of you than your hand

And you're gone you're movin' on yes you're gone

Run away queen

Travelin' clean

You go to fargo

We'll meet in chicago

Travelin' light and travelin' clean

In my nine wheel blue and white travelin' machine

And I'm gone

Come away, runaway queen

On her way and travelin' clean

Come away, runaway queen

On her way and travelin' clean
