The eagle find him place in darkness
Fisherman find him place by the sea
Light up with that in Kingston town
Mi bredren know you a come home without me
Ev'ry road have a bend, ev'ry wicked have an end
What your hands commit I know your body mus' feel
In this wicked, wicked war your time has come
You don't live right you will have no more fun
Jancro a go nyam your supper soon, boy
Jancro a go lead the children astray
Jancro a go meet the retribution
Justice has finally find it's way
Still, oh yes, you know that your time has come
You don't do right you gonna dead tonight
So now a go take you down the road to doom
The jancro a go nyam all your supper soon
Jancro a go nyam your supper soon, boy
Jancro a go lead the children astray
Jancro a go meet the retribution
Justice has finally find a way
Are you worried, says the wolf in sheep's clothing
Try to lead the children astray
But don't we know (?) a who fe frighten
Take my hands I will show you the way
