Ooh Baby, uh damn

Damn u lookin' good girl, can I roll wit u  
I only need a minute, to holler at u  
No other chic can compare to u  
Love ya flex and the way u move  
I wanna know u better

Chorus

U got them goods girl, everything about u so so fine  
Straight from the hood girl, can't wait for u to blow my  
mind  
U got them goods girl, keep ya hair and nails done all  
the time  
Straight from the hood girl, girl (got it good)

Girl I want u so bad, are u feeling me?  
Drive me crazy, to see u step outta them jeans (outta  
them jeans)  
Watchin' u just ain't enough for me, girl I want u to put  
it on me  
I wanna know u better

Chorus

Girl, when I touch u  
Girl I promise to give u all of me (give u every inch of  
me)  
Girl, if I get u  
There's no tellin' where it's gonna lead (Hey no, no)

Chorus 2x
