Just when I thought that I would see again
That's when I lose my vision, you were nowhere to be
found
Just when I thought that there'd be some form of
communication
That's when they said the lines are down, the lines are
down

So I'm writing you this heartfelt letter
And I hope that you understand
Deep inside I never meant to do you wrong
Now I know why you are gone

Just when I think it's the beginning
That when it's all over, I let time pass me by
If only I could rearrange things, I'll do it all over
I'd rewrite it line for line, line for line

So I'm writing you this heartfelt letter
And I hope that you understand
Deep inside I never meant to do you wrong, no
Now I know why you are gone

If the ink was to run out the pen
I'd use my teeth just to fill it in
I would fly through the strongest winds
To be with you, I need you, that's why I'm writing you

So I'm writing you this heartfelt letter
And I hope that you understand
Deep inside I never meant to do you wrong, no
Now I know why you are gone

So I'm writing you this heartfelt letter
And I hope that you understand
Deep inside I never meant to do you wrong
Now I know why you are gone
