In the same old way I still love you and the same foolish  
heart still beats for you  
Nothing's changed about me since you walked out that  
day  
And I still love you in the same old way  
In the same old way your mem'ry haunts me  
But I know in my heart you'll never want me  
Yes you're gone but I still love you just like I did  
yesterday  
Yes I still love you in the same old way  
Oh I suppose that I should feel better the same time I  
know I never will  
Cause I still love you and I can't change the way I feel  
In the same old way I'm crazy bout you  
Can't help wonderin' how I'm gonna live without you  
We've said our last goodbye now you've gone so far  
away  
And I still love in the same old way yes I still love in the  
same old way
