Ooh, mmmn....

In the beginning it was compliments everyday
You said, when we first started out
I would go out my way
But one day, you claimed I don't appreciate ya
and I don't know how to treat ya
We don't do the same things we did no more

What I don't really understand is
How could you??? take that
??? who take a man, who take control of you like that
Thought you would know better than that (than that)
Can't believe your're actin like that (like that)
After all I've did for you you come at me like that

Chorus *2:

Every time we take one step forward
you take 2 steps back
everytime it's friday you bring left back (oh, oh)
girl you really oughta think about it
cuz there's really no doubt about it
you know i'm there for you when that's the truth

Don't understand where you're comin from
cuz love's sacrificed sometimes
feel like what you did now
don't wanna go with this for life
you claimed i no longer wanna rub ya
and i do not wanna touch ya
we don't play the lil games we did before

did you ever sit down to think that maybe
I was just going through things
just because you were ??? you're the only one

who's being missing
what about you rubbin on my shoulder
telling me i love you
you don't do the things you used to do no more

chorus*2

remember, it wasn't that long ago
that i ?????? cold
don't forget last tuesday night
making love by candlelight
remember, how about those many times
????????? in everyday
make sure you'd never know
?????????
want you trusting me

tell me why the hell can't you see
that you're only gonna mess it up
had enuf, gotta stop
you're gonna lose what's good for you
that's the last thing you wanna do
there won't be another like me

chorus*4

hey, that's the truth (forgive me)
it was all good (everything.... yah..)
everything....
