In the same old way I still love you and the same foolish
heart still beats for you

Nothing's changed about me since you walked out that
day

And I still love you in the same old way

In the same old way your mem'ry haunts me

But I know in my heart you'll never want me

Yes you're gone but I still love you just like I did
yesterday

Yes I still love you in the same old way

Oh I suppose that I should feel better the same time I
know I never will

Cause I still love you and I can't change the way I feel

In the same old way I'm crazy bout you

Can't help wonderin' how I'm gonna live without you

We've said our last goodbye now you've gone so far
away

And I still love in the same old way yes I still love in the
same old way
