(Ben Bernie - Maceo Pinkard - Kenneth Casey)

Well, I said no gal made has got
A shade of sweet Georgia Brown
Two left feet, oh, so neat
As sweet Georgia Brown.

But on the other side I wanna die
When she comes to town
I'm tellin' you why, baby
You know I don't lie, yeah, not much.

And it's been said she knocks 'em dead
When she lands in town
Oh, since she came why it's a shame
How she cools them down.

Now the follas she can't get
Are they boys, gee, she ain't met
Georgia, named her Georgia
Claimed her sweet, sweet Georgia Brown...
