(Joel Herron)

Too many times you've broken my heart
Too many times you said we must part
Each time you left me heart broken and then
Each time you'd say let's be sweethearts again.

But too many times you sent me away
This time's the last time and this time I'll stay
For if we'd never part you'll keep breaking my heart
And you've done it too many times.

Yeah, too many times you sent me away
This time's the last time and this time I'll stay
For if we'd never part you'll keep breaking my heart
And you've done it too many times.

You've done it too many times...
