Neon skyline  
Crowds and stop signs  
Subway rumbles and moans  
Homesick feelings got me  
Barefoot dreaming and it's  
Takin' me back to where I'm from

chorus:

On a Tennessee road windin' down  
From the hills of my hometown  
Runnin' straight from,  
my heart to my soul  
Where every son and daughter knows  
One lane comes and one lane goes  
So hold my dreams 'til I come home  
Tennessee road  
Restless woman  
Just tryin' to be someone  
You know someday  
I'll come back and settle down  
Maybe have some children  
Yeah I'll call 'em young'uns  
I'll do my best to give 'em,  
a place to call their own

repeat chorus

I'm gonna come back to you,  
oh yeah

repeat chorus
