Why do you think I just want you for some more?  
If it the endings over why do you come back for more?  
Can be such a drag.  
Stir you round and round.  
You're a fake.  
Is it a crime?  
It's over, no more can lose.  
Fork over, just leave me quick.  
Have you wondered why?  
Screw the lid on tight with all your might.  
First come first serve.  
I wish I could smile.  
Is it a crime?  
Is it right?  
You're a fake.  
It's over, no more can lose.  
Fork over, just leave me quick
