I've spent my last night
Strung up and pulled tight
Holding out, sleepin' proud
An answer comes without a please:
'Do what you want.'

Wonder why I'm so caught off guard when we kiss
Rather live my life in regret than do this
What happened to the love we both knew, we both
chased?
Hanging on a cigarette you need me, you'll burn me
You'll burn me

Hushed with a finger
Don't say you'll never when you might, oh just another
time
This poison comes instruction free
Do what you want, but I'm drinking

Wonder why I'm so caught off guard when we kiss
Rather live my life in regret than do this
What happened to the love we both knew, we both
chased?
Hanging on a cigarette you need me, you'll burn me
You'll burn me

Lie lie better next time, stay on my side tonight oh
Lie lie better next time, stay on my side tonight oh
Lie lie better next time, stay on my side tonight oh
Lie lie better next time, stay on my side tonight oh
Lie lie better next time, stay on my side tonight oh
Lie lie better next time, stay on my side tonight oh
Lie lie better next time, stay on my side tonight oh
Lie lie better next time, stay on my side tonight oh

Wonder why I'm so caught off guard when we kiss
Rather live my life in regret than do this
What happened to the love we both knew, we both
chased?
Hanging on a cigarette you need me, you'll burn me
You'll burn me

What happened to the love we both knew, we both
chased?
Hanging on a cigarette you need me, you'll burn me
You'll burn me
