Let the water come  
She's the only one I love  
Let the fat man draw  
She's the sweetest honey pot

Will they see the sky again?  
Who will sing they're blues for them?

Let the factory's rust  
She's the only thing I trust  
Let the virus spread  
She's the silk lining in my bed

Will they breath our air again?  
Who will sing they're blues for them?

When your feeling moved  
You can have your conscious all you want  
You can say I do nothing yeah  
I put it off

Where you gonna go if they come for you?  
Will there be someone left to sing your blues?  
Where you gonna run when they come for you?  
Will there be someone to sing your blues?
