Are you listening?

Sing it back

Straight from your deadly rhyme wines

Up and i would do fine

I was spinning free

With a little sweet and simple numbing me

Are you listening?

Sing it back

Tell me "what do i need?"

What, was this the meaning?

Stumbled to your car

Sinking into sweet uncertainty

Interlude II

And you're listening (are you listening?)

Sing it back

I'm still running away

I won't play your hide and seek game

But i did say dance

The sweetness will not be concerned with me

No, the sweetness will not be concerned with me
