Please lets not get into this tonight
See it's easy and it's what you like
Don't call me foolish cause Im not
Just be the lover when I want
If Im hated well it's not my fault I swear

Now don't you go think it's love
How did you think it's where Im from
Don't call me foolish cause Im not
Just be the lover when I want
If Im hated well it's not my fault I swear

I swear
I swear
I swear....

Please lets not get into this tonight
See it's easy and it's what you like
Don't call me foolish cause Im not
Ill be the lover when I want
If Im hated well it's not my fault I swear

Don't call me foolish girl Im not
Be the lover when I want
If you hate me well it's not my fault I swear

I swear.....
