I can see the colors of the rainbow,
and I can feel the sun on my face,
I see the light at the end of the tunnel,
and I can feel heaven in its place,

and that's the sign of a victory (x2)

I can feel the spirit of the nations
and I can feel my wings ridin' the winds, yeah
I see the finish line just up ahead na
and I can feel it risin' deep within

and thats the sign of a victory (x2)

Now I can the distance of the journey,
high and front with all your might,
you open your eyes to global warming,
been through it all, you sacrificed your life

and that's the sign of a victory (x2)

If we believe, we can achieve anything including the
impossible this I know so lets lift up our heads and
raise the flag yeah yeah and scream like you want to
win now let the games begin!

that's the sign of a victory (x4)

when you keep on fightin' , after you lost your strength

that's the sign of a victory

when darkness is all around you, you still find your way

thats the sign of a victory
come on and sing, lift up your voice and sing, stand
up, oh yeah, stand up

sign of a victory
ooooohh ohh ohhhh

That's a sign of a victory..
