I got lonely and 32 times whose been in jail.
I love stealing, I love feeling watched by you.
And I will never go down downtown.
And I will always have my head held down.
Can see it in your eyes, everything's on fire.
I think I did it.
What you looking at?
They'll kicked the gas.
It's not a game.
Dirty dirty dirty dirty me you'll see.

Can't be always looking behind my back, it's a trap.
And I will never go down downtown.
And I will always have my head held down.
Can see it in your eyes, everything's on fire.
I think I did it
What you looking at?
He'll kick the gas.
It's not a game.
And I will never go down downtown.
And I will always have my head held down.
