Are you gonna live your live wondering,  
standing in the back, looking around?  
Are you gonna waste your time thinking,  
how you've grown up, or how you missed out?  
Things are never gonna be the way you want  
words are gonna get you acting silly  
Things are never gonna be quite what you want  
even at 25 you gotta start sometime

I'm on my feet  
I'm on the floor  
I'm good to go  
All I need is just to hear a song I know  
I wanna always feel that a part of this was mine  
I wanna fall in love tonight

Are you gonna live your live wondering,  
standing in the back, looking around?  
Are you gonna waste your time  
gotta make a move, or you miss out

She was gonna ask you what it's all about,  
stick around and won't let you down  
She was gonna ask what it's all about,  
what you're gonna say, show yourself

I'm on my feet  
I'm on the floor  
I'm good to go  
All I need is just to hear a song I know

I wanna always feel that a part of this was mine  
I wanna fall in love tonight

Crimson, and Clover  
over and over  
Crimson, and Clover  
over and over  
Crimson, and Clover (our house in the middle of the  
street)  
over and over (why did we ever meet)  
Crimson, and Clover

over and over (starting my rock and roll fantasy)  
Crimson, and Clover (don't don't, don't let start, why  
did we ever part)  
over and over (kickstart my rock and rolling heart)

I'm on my feet  
I'm on the floor  
I'm good to go  
So, come on babay  
sing me something that I know  
I wanna always feel that a part of this is mine  
I wanna fall in love tonight (Crimson, and Clover)  
I wanna fall in love tonight (Crimson, and Clover)  
I wanna always feel that a part of this was mine  
I wanna fall in love tonight  
I wanna fall in love tonight  
I wanna fall in love tonight..
