You close your eyes and kiss your hand, then you blow
it

But it isn't meant for me and I notice
If the choice was ours alone
Then why'd we both choose letting go?
Does it end like this?

Time never had a chance to heal your heart
Just remember always counting down to a new start
If you always knew the truth
Then the world would spin around you
Are you dizzy yet?

Respectfully, so honestly I'm calling out
Do you hear the conversation we talk about?
Back away to the safety of a quiet house
If there's half a chance in this moment
When your eyes meet mine, we show it off

I'll talk and not a lot to think, we live in dreams
And she never crept close to our naked feet
If there's something left to lose
Then don't let me wear out my shoes
That I still walk in

I tried but it rang and rang, I called all night
On a payphone, remember those from another life?

If everything I meant to you
You can't lick and seal then fold in two
Then avenge so blind

Respectfully, so honestly I'm asking now
Do you hear the conversation we talk about?
Back away to the safety of a quiet house
If there's half a chance in this moment
When your eyes meet mine, we show it off

Oh, oh, take it all back, take the first, the last only
Oh, oh, take it all back, take it all back
Everything you showed me
Oh, oh, this must be how it feels

And the feeling goes, oh

I told you as I haven't, I've never felt this way
You said I have this chocolate stocked my car, baby,
it's okay
You said you never had regrets
Caesar says there's someone else
Who got that wish, did you get your [Incomprehensible]

Respectfully, so honestly I'm asking now
Do you hear the conversation we talk around?
I'll back away to the safety of a quiet house
If there's half a chance in this moment
When your eyes meet mine, we show it off
