Last Christmas, I gave you my heart
The very next day you gave it away
This year to save me the tears
IÂ'll give it to someone special.

Last Christmas, I gave you my heart
The very next day you gave it away
This year to save me the tears
IÂ'll give it to someone special.

Last Christmas, I gave you my heart
The very next day you gave it away
This year to save me the tears
IÂ'll give it to someone special.

Last Christmas, I gave you my heart
The very next day you gave it away
This year to save me the tears
IÂ'll give it to someone special.
A face on a lover with a fire in his heart
A man undercover but you tore me apart
Now IÂ've found the real love, now I found
YouÂ'll never fool me again!
