(yeah)

{Ver.1}

cant ever say

love cant be this way

im thinking about you all night

how pain do i got to pay

so i reminisce on your phone calls

dont know what to say

would you even try to call me back

before your time is delayed

i couldn't help but to wait for you

im sittin on the porch watching days go blue

hours in hours past

im thinking how long did it really last

but i dont know i got to stop and think

i take a second then blink

cuz my heart right now is like a boat and its about to

sink

man the pain that you put me through was unbelievable

you threw my heart on the ground

so now its seeable

i couldn't believe that the darkness

could ever come over you

so now its coming a fast making me that outcast

how much could i take when you weren't even trying to

conversate

so i took a break hoped in the shower why you snuck on

that date

i couldn't believe my eyes

im sitting on the couch wondering why

could it be that the inside the darkness has arised

my life the definition of dark to dark girl

you anit from the heaven above

my intention were to treat you like you were my

favorite treat

like fairy tale like Aladin or Beauty in the Beast

you say you love me i say i love you too

but theres one more trick up my sleeve baby

better believe baby that i hated you too

theres no doubt in that question

did your heart feel this affection

doesn't matter anymore your hearts to dark  
cant even feel your detection

(Chorus)

Untouch,untouch Untouchable Love (come on girl)  
i cant even touch it baby your hearts to bad  
baby maybe  
i hope you dont be acting this way till  
your 30 or till your 80s...  
i said  
Untouch,untouch Untouchable Love (come on girl)  
baby just step in to it  
give up your dark and put your back into it  
no more games dont pick names decision is to blame  
One day, your heart will get better  
and heal, so just give it time

{Ver.2}

Here we go again fussing n fighting and hollering  
just a few minutes ago you was having fun  
im watching you pop lockin it  
amazed me(thats what you did)  
daised the(you did that too)  
what happened to that girl the girl next door  
the girl i once knew (i dont know)  
sometimes i cry thinking about you  
im looking left to right i dont know what to do  
you got me so confused (so confused)  
you got me caught up im remixing these blues  
remember when you flew past me looking like a  
beautiful  
white dove  
i dont see that anymore  
your hearts to dark your hearts untouchable  
freeze...  
heart pumps the beat shakes  
ill make it ill take ill even harlme shake it  
do whatever it takes to win your heart back  
ill try hard till i have a heart attack  
its ok whatever you do cuz the angels are watching  
above  
they see me and tell me if your heart has untouchable  
love

(Chorus)

Untouch,untouch Untouchable Love (come on girl)  
i cant even touch it baby your hearts to bad  
baby maybe  
i hope you dont be acting this way till

your 30 or till your 80s...  
i said  
Untouch,untouch Untouchable Love (come on girl)  
baby just step in to it  
give up your dark and put your back into it  
no more games dont pick names decision is to blame
