You know everything that I'm afraid of
And you too everything I wish I didn't
Everybody wants you, everybody loves you

I know I should tell you how I'm feeling
I wish everyone would be disappearing every time you
call me
I'm just get to vehement
I'm too shy to say

I got a crush on you
I hope you feel the way that I do
I get a rush when I'm with you
I got a crush on you

You know I'm the one that you can talk to
And sometimes you tell me things that I don't want to
know

(I just want to hold you)

And you say exactly how you feel about him
And I wonder, could you ever think of me that way

I got a crush on you
I hope you feel the way that I do
I get a rush when I'm with you
I got a crush on you

Uh! Why we shack or tell somebody
But there's no one to talk to
Nobody knows I got a crush on you

I got a crush on you
I hope you feel the way that I do
I get a rush when I'm with you
I got a crush on you (x3)
