She's got a worry I don't know
(Staring away)
Only nineteen in this picture
(Nineteen today)
Don't take the mystery away from me
I'm so sorry
Now promises were made
and broken as they're told
What makes you put trust in me?

With such a worried heart
You'll spend your lifetime waiting
I'm only asking once,
to catch the sparkle fading
Away somewhere behind your eyes

I'm taking my time
You take it for the night
(Do something)
I'm taking it,
but you sit down with a smile
(Do something great)
I want to know what you really think
It seems a little risky now
If you do it cause you want to
Do it cause you can
That doesn't always mean you should

With such a worried heart
You'll spend your lifetime waiting
I'm only asking once
to catch the sparkle fading
Away somewhere behind your eyes

She's got a worry I don't know
(Staring away)
Only nineteen in this picture
(Nineteen today)
Don't take the mystery away from me
I said I'm sorry
Now promises are made

and broken as they're told
It's just become a wasted thing

With such a worried heart
You'll spend your lifetime waiting
I'm only asking once
to catch the sparkle fading
So far away behind your eyes

(I'm only asking once)
(I'm only asking once)

So far away behind your eyes
So far away behind your eyes
