With a turn and a twist
She gets her wish
Just a smile makes her
Who she wants
It's the smoke from the spark
When the sulphur hits
It turns into an inspiration
So much for see you around
So much for seeing at all
Don't leave me in the trivia
With a splash and a twist
We'll both get pissed
And leave after
We hear our songs
It's the smoke from the spark
When the sulphur hits
She'll just remember
She felt something
So much for see you around
So much for seeing it all
Don't leave me in the trivia
Now with a turn and a twist
She gets her wish
You give it a name and
That's how it stays
With a turn and a twist
She gets her wish
Over the threshold
Over and out
Now with a turn and a twist
She gets her wish
You give it a name and
That's how it stays
With a turn and a twist
She gets her wish
Over the threshold
Over and out
Yeah

Don't leave me in the trivia

Now with a turn and a twist

She gets her wish
You give it a name and
Then that's how it stays
With a turn and a twist
She gets her wish
Over the threshold
Over and out
Now with a turn and a twist
She gets her wish
Yeah
You give it a name and baby
Then that's how it stays
With a turn and a twist
She gets her wish
Over the threshold
Over and out
Now with a turn and a twist
She gets her wish
You give it a name and
Then that's how it stays
With a turn and a twist yeah
With a turn and a twist yeah
With a turn and a twist
She gets her wish.
