We left behind a busy crowd  
So it seems we slow down  
Meet me with a way out through the lies  
Nowhere, going nowhere in the fake yellow light

Blame no one  
Blame no one

The feelings change so fast  
Safety scares them away  
I can't bring myself to say it  
It's my own advice I need  
Nowhere and then nowhere,  
Living trapped inside the chase

Blame no one  
Blame no one (So blame no one)  
Would you look in my eyes and blame no one  
Blame no one

Our weakness is the same  
We need poison sometimes  
Our weakness is the same  
We need poison sometimes  
So take another drink with me

Blame no one (so blame)  
Blame no one  
Could you look in my eyes and blame no one  
Blame no one
