[girls singing]

Some-thing, I can't, ex-plain (\*repeat 7X\*)

[Smooth Bee]

I think I love her

but the Lord only knows if she's the one for me

My true Queen

I can't ask for more physical attraction

Baby girl is real hype

She says she wants to bear my child

Is it because I make hit records

or cause I'm a good lover?

I don't know, I guess I'm a little petrol

Together we do things that I've never done with anyone else

like eat ice cream together, sharing Chinese food

and of course entering each other, endlessly

You see, when I make love to my woman

I like to tear down walls and build new ones

I take her through multiple ecstasy

and this girlie insists that she's my match

My new love level

But I just can't front anymore

I can't feel it

So therefore I must carry on

Just take me to Love Court

cause Smooth Bee's not settling down

Call me a tramp, jiggalo, ho, et cetera

but my jimmy's not for sale

More than one woman's my motto

I'll never be caught stranded with a flat tire and no spare, word

Yeah right

In four more months, you'll be having our child

That's if you intend to have our child

And since we both made this commitment

which brings forth fruit through light

be like a strong tree, with strong roots

And like a strong limb, I'll never fall off

unless the sustainer of all living things, allows it

And I want you to remember baby, that I do love you

I really do

[girls singing]

Some-thing, I can't, ex-plain (\*repeat 5X\*)

[Greg Nice]

I'm sorry baby, I'm so so sorry

I didn't mean to bruise your delicate flower-like emotions

Listen - I was on some hardcore illusion of what love really is

You know I used to put up a phony forcefield shield and the whole nine yards

Keep my true feelings, locked deep inside a box

But when your love was so strong, so potent

it was too much for my heart at last

Guess I was somewhat immature, but I've grown up now

Baby you gotta take me back, I'm on the verge of self destruction

I never had a love like yours before

Remember our walks through the park, our cozy dinners for two?

Our exchange of love juices? MMM-mmm!

Baby, don't throw 'em all away

The only reason I broke like I did, is because

I love - I mean, I couldn't react any other way

Just think - another man, sleepin in my bed

with the one I love? Please, tch

I'm just too nice for that

Please baby, take some time, think about us, you and I, me and you

I'm sure you'll realize that I'm the one for you

I guess I'll say peace now, and remember baby

please remember, I'll always, and always, always, love you

See you!

[girls singing]

Some-thing, I can't, ex-plain (\*repeat 3X\*)

Ooooh-ooooh-oooh

[D.J. Teddy Ted]

Baby, you don't love me anymore

I'm not sure you really did before

You see I couldn't see through your phony charms

Nothin really mattered when I took you in my arms

You see I found you so fascinatin

Oh baby so fascinatin

You see I thought you were the one for me

Found out you were nothin but a fantasy

You know, you left me standing lonely  
Girl, you left me standing to cry  
But yet you weren't woman enough to say goodbye  
But there is, there is one thing I must thank you for  
You taught me a lesson in life I'll never make the same  
mistake anymore
