All alone tonight im calling out your name
Somewhere deep inside this part of you remains
Images of love take me back in time
I don't know how it started
Or why it ever had to end

Something stepped inside
We didn't let it in
It's keeping us apart
Where are you now

Where are you now
Is someone there tonight
Holding what was mine
Where are you now
You wonder where I am
Are you really feeling fine

Going through my life without you by my side
You're the only thing that keeps going through my
mind
And nothing that I do can take the place of you
Where are you now
Is someone there tonight holding what was mine
Where are you now, do you wonder where I am
Are you really feeling fine

Ooh thinking about you girl
There's gotta be a place for me
Somewhere in your heart

All alone tonight I'm calling out your name
Somewhere deep inside this part of you remains
Images of love and where are you now

Where are you now
Is someone there tonight holding what was mine
Where are you now
You wonder where I am, I need you here tonight.
