I went walking last night out on Tupelo Street
All the way to the county line
Hear a sidewalk sermon and a blind man preach
Written on his cardboard sign

Revival, Revival
This old lamb has gone a stray
Revival, Revival
Gotta wash my sins away

Babe I've done everything that I know to do
But you left a hole here I just can't fill
And if God can forgive me baby why won't you
Well I guess you never will

Revival, Revival
This old lamb has gone a stray
Revival, Revival
Gonna wash my sins away

Baby your my weakness and my saving grace
My salvation and my sin
I would do anything to see your face
just to see your face again

Revival, Revival
This old lamb has gone a stray
Revival, Revival
Gonna wash my sins away
