### "When You Were Mine"

A long dark train is slowly winding  
Through the nightland's sad refrain  
A diamond rain is gently falling  
Down on this old two lane

You were mine all of the time  
Night and day, then you went away

Now I'm lost out on these high plains  
With a memory of you  
Soft and naked close beside me  
Then disappearing out of view

You were mine all of the time  
Night and day every way  
And you were mine

Now I'm left alone to wonder  
Could you come back, I suppose  
And I will love you for the reasons  
That these night winds only know
