You know the time to act is now  
Before the sands of time run out

I know that I could never  
fall from grace I'm far too clever

I will achieve my destiny  
My star's ascent - a certainty

I know that I could never  
fall from grace I'm far too clever

Boy sees, boy takes, boy hooked  
And the subject's closed  
Worst case scenario becomes real  
It don't show

No clever clevers can dissuade  
From tougher substance I was made

I know that I could never  
fall from grace I'm far too clever

Boy sees, boy takes, boy hooked  
And the subject's closed  
Worst case scenario becomes real  
It don't show

You know the time to act is now
