(All right then, you think you're some bad girl, you just wait till someone else gets hold of you and beats the living daylights out of you)

I put horse's heads in peoples beds
Cause I am the mob
When duty calls gonna bust some balls
Cause I am the mob

Don't try and tell me it's one for the money, two for the money, three for the money
Am I your Easter bunny, come on.
I try my level best, my best to please
But I'm gonna put a bullet between your knees
baby come on just tell them

Stop blowing the Don put his keks back on
Cause I am the mob
Stop mucking around with the brand new sound
Cause I am the mob

Try and tell me it's one for the money, two for the money, three for the money
Am I your Easter bunny, come on, oh baby come on
I try my level best, my best to please
But I'm gonna put a bullet between your knees
baby come on just please tell them

That Luca Brasi ah he sleeps with the fishes
Luca Brasi ah he sleeps with the fishes
Luca Brasi ah he sleeps with the fishes, missus

Oh tell them, just tell them

Luca Brasi ah he sleeps with the fishes
Luca Brasi ah he sleeps with the fishes
Luca Brasi ah he sleeps with the fishes, missus

I am the mob
