She takes her happy pills  
They keep her happy  
Is everybody here on drugs?

Mad cows like bumblebees  
With chemistry degrees  
Is everybody here on drugs?

Here on drugs, here on drugs?

The Uberlords they'll stop the flow  
No snow, no show, bad scene  
The Uberlords, when they see fit  
Will give our lives new meaning

Spin doctor, aim for free  
Lest we speak honestly  
Is everybody here on drugs?

Here on drugs, here on drugs?

The Uberlords they'll stop the flow  
No snow, no show, bad scene  
Uppers, downers, they don't hang around us  
Will give our lives no meaning

No meaning, no meaning  
No meaning, no meaning

Don't need your poison, me  
I'll take the melancholy  
And everybody here's on...

Uberlords they stop the flow  
No snow, no show, bad scene  
Uppers, downers, they don't hang around us  
They'll give our lives no meaning

New meaning, a meaning  
No meaning, no meaning
