If all you've got to do today is find peace of mind
Come round, you can take a piece of mine

And if all you've got to do today is hesitate
Come here, you can leave it late with me

You could be taking it easy on yourself
You should be making it easy on yourself
Cause you and I know

It's all over the front page
You give me road rage
Racing through the best days

It's up to you boy
You're driving me crazy
Thinking you may be losing your mind

If all you've got to prove today is your innocence
Calm down, you're as guilty as can be

But as all you've got to lose alludes to yesterday
Yesterday's through, now do anything you please

You could be taking it easy on yourself
You should be making it easy on yourself
Cause you and I know

It's all over the front page
You give me road rage
Racing through the best days

It's up to you boy
You're driving me crazy
Thinking you may be losing your mind

You're losing your mind

You - you've been racing through the best days
You - you've been racing through the best days

Space age, road rage, fast lane

And if all you've got to do today is find peace of mind
Come here you can take a piece of mine

You could be taking it easy on yourself
You should be making it easy on yourself
Cause you and I know

It's all over the front page
You give me road rage
Racing through the best days

It's up to you boy
You're driving me crazy
Thinking you may be losing your mind

But you and I know

We all live in the space age
Coming down with road rage
Racing through the best days

It's up to you boy
You're driving me crazy
Thinking you may be losing your mind

It's not over
It's not over
(it's not over till my rage burns colder)

It's not over
It's not over
It's not over

Space age, road rage, fast lane, minimum wage
Home late, upgrade, short-changed, golden age
Front page, lose face, handmade, space ache
Backstage, outraged, disgraced, maximum weight

But you and I know
We all live in the space age
You give me road rage
Racing through the best days
It's up to you boy
You're driving me crazy
Thinking you may be losing your mind

You're losing your mind
