Wish I could find the words to say  
To change your mind and make you stay  
I've loved you so very long  
But I know that's not the way  
To stop you walking out that door  
If you don't love me anymore  
Lord if I could there's no price I wouldn't pay

I go to bed I try to sleep  
I lie in between  
I pray the lord my soul to keep  
And I try so not to dream

In my arms I hold you near  
With my lips I kiss you dear  
I won't want to wake up  
And face this new day

Only one heart, only one heart

What made you take it and break it apart?  
Only one heart, only one heart  
Lord why did you make us with only one heart?

I go to bed I try to sleep  
I lie in between  
And I pray the load my soul to keep  
And I try so not to dream

Only one heart, only one heart  
What made you take it and break it apart?  
Only one heart is all I can give  
Only one heart for as long as I live

Only one heart, only one heart  
Lord why did you make us with only one heart?
