Words and music by jimmy nail

What do you do when it hurts when the kids
Call you names ?
Nobody wants to know you and they won't let you
Join in all their games
And what will you do when the man in the moon
Goes away ?
And leaves your little world in darkness
Hiding from the nightmare until the day

You can come to me, I'll know what to do
And if I don't I'll pretend or I'll lie for you
But I'll be there for you forever
Until the day I die
Right there by your side,
To keep you safe and warm
Glad to be your shelter from the storm
Yes I'll be there for you forever
Until the day I die

What will you do when you've grown and
Flown away ?
Where will the four winds take you ?

And will they bring you back to me someday ?
And what will you do when the one that you love
Breaks your heart ?
You have to pick up all the pieces
But you don't know just where to start

You can come to me, I'll know what to do
And if I don't I'll pretend or I'll lie for you
But I'll be there for you forever
Until the day I die
Right there by your side
To catch you when you fall
And put you back together whether-with-all
Yes I'll be there for you forever
Until the day I die

Until the day I die

I'll be there until the day I die

Until the day I die

I promise until the day I die
